Resolution of Support for the Congregations Impacted by Wildfire and Gratitude for the Generosity of Those Who Are Helping To Rebuild

Resolved by the Diocese of Northern California of The Episcopal Church, in Convention, on the fourth day of November, 2017, in Sacramento, California, that this diocese expresses its sincere sorrow to those congregations affected by the devastating wildfires we so recently experienced in our state. As our Bishop most eloquently stated in his address, we will continue to stand with you and help you in any way we can, not only through prayer but through our actions as the ongoing work of healing and rebuilding progresses. The diocese further expresses its heartfelt gratitude for the compassion and generosity demonstrated by the outpouring of money and aid from so many members of our diocese, especially for those who have made contributions through the Bishop's Discretionary Fund, the Church of the Incarnation in Santa Rosa Fire Relief Fund and the Episcopal Relief and Development Fund.
